# PROGRESS FACTORS - FACT SHEET

## WHO WE ARE

- Progress Factors is a Consultancy House like no other. We work hand in hand with our clients to deliver significant and sustainable cultural changes through the implementation of the *Objective & Key Results* strategic approach, the *Lean Toolbox* and our own *Winning Line Project Management* Programme.
- Extra-ordinary gains is where the Progress Coaches get started and we have developed products which deliver shockingly beneficial quantum leaps in performance.
- Regardless of product, market or seniority, our customers all share one common vision - to work with their teams in delivering positive, significant and sustainable change.
- Our Team is built on extensive experience in many different markets and areas of specialism, which we share throughout Europe to help companies of all sizes.

## OUR USP<sub>s</sub>

- We are on a mission to rid the workplace of boredom and depression by helping people to love their job. In doing so, we are reactivating the dormant potential in workforces all over Europe.
- It's quite normal for our clients to swiftly achieve targets at the start of our projects, which have been deemed almost impossible for many years and we use these early wins as springboards for further success.
- We drive innovation in our projects and lead by good example by offering our customers a portfolio of on- and offline interactive support services to guarantee the effectivity of work.
- We keep up to speed with modern management practices so that you don't have to and integrate this knowledge into our continual product improvement cycles.

## HOW WE WORK

- We always harvest our work and measure our success on its impact on the bottom line.
- We have learnt that a team which adds real value on a daily basis is much more motivated than a team busy performing frustrating and unnecessary tasks.
- Our *Progress Compass* cultural change model forms the basis of all that we do and develops teams of winners, who directly benefit from the changes they implement.
- Our golden rule is that, "Progress beats Theory" and we work pragmatically with our clients to deliver tangible targets without having to learn new words and understand complicated procedures.
